

Boat/Team Name: P-550 “Scream’n Eagle”

In 2008, after many years of pleasure boating on The Parker Strip, The Games Family decided to dive into a sport that they have enjoyed watching for decades. As luck would have it, Dave Sammons the 1963 P550 Patterson Wood Crackerbox for sale. The Family jumped on the deal as soon as they saw it and headed to San Diego to pick the boat up. Thus began “Games Boys Racing”. Since then they have had multiple races and spent many hours bringing the boat back to its pristine state. With the help of many other Crackerbox Teams, they are learning the ins & outs of this fantastic sport. With Owner/ Driver Andrew Games behind the wheel and Cousin Vincent Games as rider, a new generation of crackerbox racers is at hand. In the pits, the support of Chief Mechanic Bruce Games, Gino "The Launcher" Games, Crew Chief Ray Games, and Sponsor Coordinator Greg Games make this Team a Family Affair. Of Course they would be remiss if they did not mention their extended family which are all the other crackerbox teams that have helped them in and out of the pits. As everyone knows, “This Sport Ain’t Cheap”, and without the help of the sponsor's The Scream’n Eagleboat would never leave the trailer.
