

**CRACKERBOX PRO™ RACING TEAM INFORMATION:
P-74 CleanLOGIC™**

Built in 1967, the current P-74 has raced for 47 years. Driven by Brandon Brodecki with rider Craig Murphy the P-74 won the 2012 NAPA Auto Parts/ Lucas Oil World Championship. This achievement can be attributed to the hard work of a dedicated crew, reliable engines designed and balanced to the set up of the boat, a hull that for 47 years has “always landed straight”, and the applied intelligence of the driver and a driver/rider team that trusts the boat and each other.
